Please don't call for someone else. Instead, give the senior our number and encourage her to call us herself.

We respect the independence, dignity, and autonomy of senior West Virginians. That is why the senior who needs help should call us, not a friend or family member. If the senior wants us to talk to someone else on his or her behalf, all she has to do is call us and tell us that. We will not talk to anybody else about your case unless you give us permission to do that. We respect your privacy and will keep your information confidential.
